To Whom It May Concern:

February 1, 2001

I am concerned by the use of downed animals for human food. Please implement the Farm Sanctuary's petition to prohibit the slaughter of downed animals. The Docket Number is 98P-0151/CP1. The way these animals are treated is unethical. The animals should not be left on the ground without food, water and medical care. They should not be dragged in chains and pushed around like piles of garbage that are not alive! It should be illegal to treat living things in this way. In addition, it is unhealthy to eat such animals. Nobody should profit from these downed animals! These animals need to go to a sanctuary.

Thank You,

Sarah Hays
